The Master of Business Administration (MBA) is a graduate level degree providing theoretical and practical training for business or investment management. Chartered Financial Analysts® (CFA®) are licensed by the CFA® Institute to use the CFA® mark. CFA® certification requirements: hold a bachelor's degree from an accredited institution or have equivalent education or work experience, successful completion of all three exam levels of the CFA® Program, have 48 months of acceptable professional work experience in the investment decision-making process and fulfill society requirements, which vary by society. Unless you are upgrading from affiliate membership, all societies require two sponsor statements as part of each application; these are submitted online by your sponsors. The Chartered Alternative Investment Analyst (CAIA) designation is a professional designation offered by the CAIA Association. CAIA designation is the globally-recognized credential for professionals managing, analyzing, distributing or regulating alternative investments. Candidates must complete a course of study and pass two examinations. CAIA designees are required to maintain membership in the CAIA Association and adhere to professional and ethical standards.
